1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

Claims 34-58 are rejected under 35 U.S.C. 102(e) as being anticipated by Koster et al. (US 5,928,906).

As discussed in the preliminary amendment filed 01/08/2001 in the parent '088 application, applicant has essentially copied the claims in the Koster et al. patent in order to request an interference.

In responding to this rejection, applicant is directed to M.P.E.P. 2308, 2308.01, and 2308.02, and to 37 CFR 1.608(b).

2. In response to the above rejection (see the response filed 09/20/02 in the parent '088 application), Applicant has resubmitted a Rule 1.132 declaration which was previously filed and considered in the parent '184 application, for the purpose of arguing that the Koster et al. '906 patent is non-enabling. The reasons that this declaration is not considered sufficient to overcome the rejection are of record. Applicant is again directed to M.P.E.P. 2308, 2308.01, and 2308.02, and to 37 CFR 1.608(b).

3. No claims are free of the prior art.

4. This is a continuation of applicant's earlier Application No. 09/755,088. All claims are drawn to the same invention claimed in the earlier application and could have been finally rejected on the grounds and art of record in the next Office action if they had been entered in the earlier application. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action in this case. See MPEP § 706.07(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no, however, event will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kenneth R. Horlick whose telephone number is 571-272-0784. The examiner can normally be reached on Monday-Thursday 6:30AM-5:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Gary Benzion can be reached on 571-272-0782. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
